

Credit Card Underwriting Policy

1. Purpose

This policy defines eligibility and underwriting standards for issuing unsecured credit cards to retail customers.

2. Customer Eligibility

Applicants must:

Be between 21 and 65 years of age.

Be a resident of the country.

Possess a valid government-issued identification document.

Provide proof of income.

3. Credit Score Requirements

Credit Score	Decision
750 and above	Preferred Approval
700 - 749	Standard Approval
650 - 699	Manual Review Required
Below 650	Decline

4. Income Requirements

Customer Type	Minimum Annual Income
Salaried	₹400,000
Self-Employed	₹600,000

Income must be supported by appropriate documentation.

5. Credit Utilization Guidelines

Utilization Ratio	Risk Assessment
Below 30%	Low Risk
30% - 50%	Moderate Risk
Above 50%	Elevated Risk
Above 75%	High Risk Review

6. Debt-to-Income (DTI) Ratio

Maximum acceptable DTI ratio:

Standard applicants: 40%

Premium applicants: 35%

Applications exceeding these thresholds require manual review.

7. Automatic Decline Criteria

Applications must be declined when:

Credit score is below 650.

Bankruptcy is reported within the last 5 years.

Fraud investigation is active.

Income verification cannot be completed.

DTI exceeds 60%.

8. Approval Decision Framework

Approval decisions should consider:

- Credit score
- Income stability
- Credit utilization
- Existing obligations
- Payment history

No single factor should be used in isolation.
